

Guarantee, standards and shade card

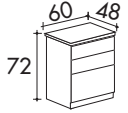

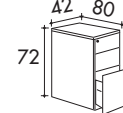

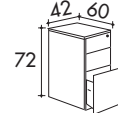

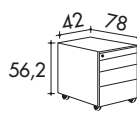

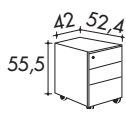

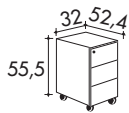

Product description

- Shells made from sheet steel, 8/10 thickness, folded into a C shape from one side to the other. 2 bars welded to the sides make up the top section, on to which is attached a metal or melamine top;
- façades made from sheet steel, 8/10 thickness, with grips at each side;
- drawers made from sheet steel, 8/10 thickness:
 - A6 drawers are mounted on metal runners with nylon rollers and open to a depth of 80%;
 - A4 drawers are mounted on telescopic runners with nylon rollers and open to a depth of 100%;

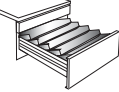

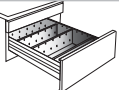

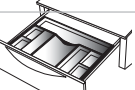

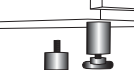

System

- Drawers can be made to open selectively (only one at a time) by adding small plastic clips (1 per drawer) to the outside of the drawer shell. These can be added or removed at the user's discretion;
- Numbered lock with interchangeable cylinder - supplied complete with one hinged and numbered key with cover and one standard metal key.
