

soft seating collection

FG Nott is a design led manufacturer of custom made and general office furniture.

Our reputation has been built through listening to our clients, offering unparalleled levels of service and consistently exceeding expectations.

Our company ethos is based on having a friendly approach and on placing an equal level of importance to our suppliers, staff and customers alike, so from concept to creation, we will lead the way forward and demonstrate the true meaning of a working partnership.

No matter how large or small the project, we approach it with the same level of dedication and professionalism, working with you and understanding your needs to ensure that our products exceed your expectations in every way.

our approach

a passion for design

The entire workforce share a passion for design which is at the heart of every project we undertake.

We consider our highly skilled design team, who are used to working with specifiers, architects and dealers alike, the backbone of the company.

It is through their extensive knowledge of available materials and production techniques that we are able to offer our clients the perfect seating solution.

created by craftsmen

Our experienced and highly skilled furniture makers and engineers pride themselves on having the traditional values so essential in ensuring that the highest levels of craftsmanship are continually maintained on each and every item we produce whatever its scale and complexity.

unrivalled levels of service

Our team are dedicated to delivering an unrivalled level of service with attention to detail being at the forefront of every department and every project we undertake.

'we pride ourselves on the quality of our workmanship, service and total commitment to the complete satisfaction of our customers.'

candi is a modular seating system capable of infinite layout options.

Designed to make the most of any reception or breakout area, candi can be reconfigured at any time allowing you to refresh your interior design in a matter of moments.

dune is a refined traditional style chair with a choice of legs in polished metal or wood, Dune has the option to include modern designer materials working in harmony with traditional leather or fabric upholstery to bring an unparalleled designer twist

esca is a traditional styled sofa and chair range with contemporary polished legs. It provides comfortable seating in a range of sizes and options all featuring deep cushioned bases and generous arm rests to make any visitor feel instantly welcome.

wharf provides a stunning modern version of the traditional tub chair. With the option of traditional wooden or contemporary steel legs it is a truly versatile interior furnishing solution. It can be used as a standalone piece or in clusters to create an attractive and welcoming suite of seating.

glace is a design led contemporary version of traditional ‘tub’ style seating

With attractive brushed nickel legs and deep seat cushions it provides excellent comfort and styling.

The small footprint means it has minimal impact on floorspace making it ideal for areas where floorspace is at a premium.

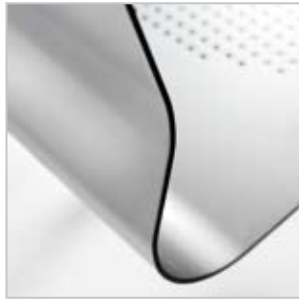

bloom is a contemporary and versatile tub chair with a choice of leg styles and upholstery options. With single or two seater variants available it is ideal for smaller reception or breakout areas. Having minimal floor space impact it can be used almost anywhere but still retains its distinct visual appeal

ion is a distinctively designed tub chair and sofa that is ideal for both contemporary and traditional interiors. Choose from wood or polished metal detailing, leather or fabric upholstery and single or two seater versions to create a chair that is ideal for you. Ion's circular design makes it extremely versatile and not constrained by traditional space planning issues - simply place it anywhere for a great look.

tessa is an extremely versatile slim-line chair or sofa that can be finished in a wide range of fabrics. The choice of laminate infill panel allows you to either make a bold statement or to blend seamlessly into your existing décor.

span offers a practical bench style seating solution of a strong and durable construction that is ideal for waiting areas, cafeteria seating and breakout areas. The use of optional linking pieces enables you to configure either straight runs of seating or at 45° or 90° angles to maximise all available space. Available in 2, 3 or 4 seater options, the span system also allows for the options of upholstered seating panels and secure floor fixing.

If you have an interior that requires special attention or want to make a design statement then talk to us about our bespoke design solutions. We can produce any size or shaped seating in the materials and specification of your choice and with our FREE, no obligation six step design process, we will guide you easily and seamlessly from concept to creation.

The possibilities are endless...

commissioning your ideal seating solution need not be a daunting task

With our unique, no obligation Six step FREE design service which will guide you seamlessly and effortlessly from concept to installation

- Our experience and commitment ensures unparalleled levels of service and attention to detail from our initial consultation to the complete installation
- Whatever level of service you require and whatever the scale of your project, we are on hand to guide you through every step of the way

step one

An experienced consultant will visit you at your organisation to fully understand your specific requirements, what you need to achieve the type of product you require and also to conduct a survey of the relevant area.

step two

Our consultants will then liaise with our team of experienced, dedicated design professionals to ensure that your brief is effectively communicated and accurately translated

step three

Our consultant will now present you our concept to ensure that we have accurately translated the brief and to take on board any tweaks, amendments or suggestions.

step four

Our team of designers are able to offer 3-D photo-real imagery of our concepts which bridge the gap from concept to creation and which can aid substantially with any internal approvals which may need to be gained. Sample swatches are also available on request.

step five

Our team of skilled engineers will now turn your concept into reality, using traditional skills & the latest technology to ensure the highest levels of craftsmanship are continually maintained

step six

Our experienced installation teams will now install the finished product, taking care to ensure that the whole process is as seamless and hassle free as it can possibly be.

FG Nott - guiding you easily and simply from concept to creation.

FG Nott environmental commitment...

sustainable development has always been an integral part of our design and production processes

FG Nott are committed to creating a better environment, through:

- the strategic planning of our business.
- by continually reviewing and improving our activities, products and services.

sourcing of materials

wherever possible we aim to manufacture products using recyclable materials and/or materials which have a valid chain of custody certification.

efficient production and installation

we strive to minimise all energy usage wherever possible and constantly review all of our practices to reduce, reuse and recycle our waste wherever possible.

FG Nott utilises minimal packaging ensuring minimal wastage.

greater longevity

modular designs minimise wastage, provide cost-effective solutions and facilitate the refurbishment and maintenance of our products.

wherever possible we ensure that our products are fully relocatable.

offering the complete solution:

- seating
- receptions
- boardrooms
- meeting rooms
- general office
- storage solutions
- library
