Product description

Mechanisms

- Wide angle synchro mechanism (synchronised tilt). Combining the forward axis tilt system with the synchro system, the Dynamics range is designed to a high ergonomic specification and offers an exceptionally high level of user comfort;
- Lockable in 11 positions, with adjustable (side lever operated) body weight tension control and backrest reverse lock system;
- Seat depth adjustable through 50 mm;
- Angle of seat tilt adjustable from 0 to 4°;
- Lumbar support adjustable through 50 mm by means of a lever located on the rear of the backrest;
- Seat height adjustable through 80 mm by means of a gas lift mechanism;
- Tilt-adjustable headrest.

Structure

- Seat: fibreglass reinforced nylon support frame with injection-moulded polypropylene sub-frame;
- Backrest and headrest: injection-moulded polypropylene support frame and sub-frame.

Base

- 5 star base in aluminium epoxy lacquered aluminium, ø 680 mm;
- Twin wheel self-locking polyamide castors, ø 65 mm.

Padding

- Seat: CFC-free polyurethane foam, density 40 kg/m³, 40 mm in thickness;
- Backrest: CFC-free polyurethane foam, density 35 kg/m³, 30 mm in thickness;
- Headrest: CFC-free polyurethane foam, density 35 kg/m³, 20 mm in thickness.

Covering

- Seat, backrest and headrest: fabric or corrected grain leather.

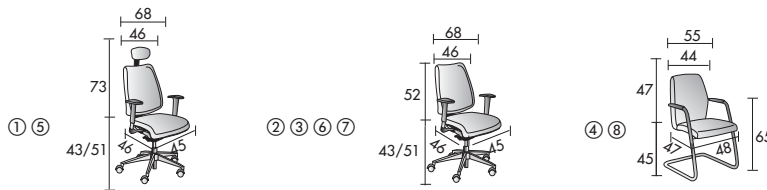

Multi-function arms

- Adjustable in height through 100 mm;
- Adjustable in width through 30 mm on each side by means of handwheels;
- Armrests adjustable in depth through 70 mm;
- Armrests in black polypropylene.

Cantilever visitor chair

- Aluminium base;
- CFC-free polyurethane foam padding;
- Fabric or leather covering;
- Polyethylene glides.

Product description

- 100% recyclable chair comprising 65% recycled materials.

Special features

- Upholstered sections of seat and backrest are of clip-on design and can be removed easily when worn or when a change of colour is desired.

Mechanisms

- Synchro mechanism, lockable in 5 positions, with adjustable body weight tension control;
- Backrest reverse lock system;
- Backrest height adjustable through 70 mm;
- Seat depth adjustable through 60 mm;
- Seat height adjustable through 120 mm by means of a gas lift mechanism;
- Tilt-adjustable headrest.

Structure

- Seat and backrest support frame and sub-frame in black polypropylene;

- Headrest sub-frame in black polypropylene.

Base

- 5 star base in fibreglass reinforced black nylon polyamide (SV) or chrome (SQ), ø 680 mm;
- Twin wheel castors, ø 60 mm.

Padding

- Seat: CFC-free polyurethane foam, density 50 kg/m³, 40 to 75 mm in thickness;
- Backrest: CFC-free polyurethane foam, density 60 kg/m³, 40 to 75 mm in thickness;

Covering

- 3 Xtreme Plus fire-resistant fabrics and 1 leather upholstery available from stock.

Adjustable arms: 2 models to choose from

- Adjustable in height and easy to fit or remove, with depth-adjustable armrests in soft polyurethane and polished aluminium mounts;

- Adjustable in height and easy to fit or remove, with armrests in polypropylene.

Optional extras

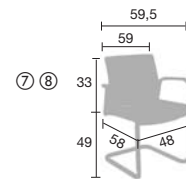

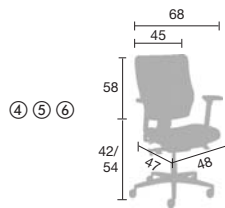

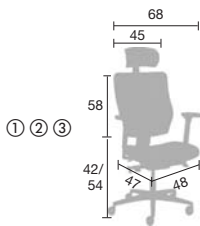

- Arm width adjustment kit for synchro chairs (70 mm adjustability).
- Hooks to link cantilever visitor chairs.

Cantilever visitor chairs

- Tubular steel base in a black (SG) or chrome (SQ) finish;
- CFC-free polyurethane foam padding;
- Available fully upholstered in fabric or leather or with seat upholstered in fabric or leather and backrest in black (PU) polypropylene;
- Polypropylene glides.

NB: Ethics chairs comply with the BS 5459 standard (round-the-clock office use by persons weighing up to 150 kg).

Product description

Mechanisms

General information:

- Wide angle synchro mechanism (synchronised tilt), lockable in 5 positions, with adjustable body weight tension control. Combining the forward axis tilt system with the synchro system, the Milton range is designed to a high ergonomic specification and offers an exceptionally high level of user comfort;
- Backrest reverse lock system;
- Seat depth adjustable through 50 mm;
- Seat height adjustable through 130 mm;

Special features - Milton Air:

- Height of lumbar support controlled manually by adjustment of the elastic band.

Special features - Milton Executive and Milton:

- Backrest height adjustable through 70 mm - 6 positions possible;

Structure

- Seat: fibreglass reinforced nylon support frame with injection-moulded polypropylene sub-frame;
- Backrest:
 - Milton Air: hard wearing tubular steel support frame with ends coated in grey scratch-resistant epoxy paint;

- Milton and Milton Executive: anatomically shaped support frame made from beech plywood.

Base

- 5 star base in black reinforced nylon (SV), grey epoxy lacquered aluminium (SB) or polished aluminium (SQ);
- Twin wheel self-locking polyamide castors, ø 65 mm.

Padding

- Milton Air: CFC-free polyurethane foam seat, density 40 kg/m³, 50 mm in thickness;
- Milton and Milton Executive: CFC-free polyurethane foam seat, density 40 kg/m³, 50 mm in thickness, and CFC-free polyurethane foam backrest, density 40 kg/m³, 45 mm in thickness;

Covering

- Milton Air: seat in 2 choices of fabric colour, including 1 Xtreme Plus fire-resistant fabric, backrest with stretched fabric cover in very hard-wearing black polyamide with nylon stitching and elastic band;
- Milton Executive and Milton: 2 choices of fabric colour, including 1 Xtreme Plus fire-resistant fabric, and 1 leather colour available from stock according to model.

Arms

- Multi-function arms, adjustable in width on both sides through 32 mm, and in height through 100 mm, with polypropylene armrests, adjustable in direction by +/-30° and in depth through 60 mm;
- Designer arms, adjustable in width on both sides through 32 mm, and in height (lockable) through 100 mm, with polypropylene armrests, adjustable in direction by +/-30°.

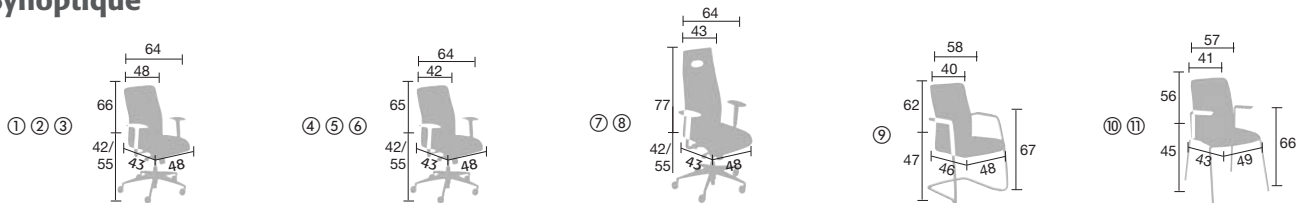

Miscellaneous

- Personalized badge (minimum 50) for Milton Executive - please contact us for further information.

Milton visitor chairs

- Epoxy lacquered tubular steel base in a black (SG), grey aluminium (SB) or polished aluminium (SQ) finish;
- CFC-free polyurethane foam padding;
- Cantilever models available with fabric or leather upholstery, 4 leg models with fabric upholstery only;
- Polypropylene glides;
- Stackable (4 chairs max.).

Product description

Mechanisms

Team Executive, Progress Air and Team Progress:

- New generation synchro mechanism with two telescopic handles and markers to indicate the + and -, lockable in 5 positions, with adjustable body weight tension control;

- Backrest reverse lock system;
- Seat depth adjustable through 50 mm;
- Seat height adjustable through 100 mm by means of a gas lift mechanism;
- Team Executive backrest height adjustable through 75 mm;
- Team Progress lumbar support adjustable in height through 55 mm;

Team Synchro:

- Synchro mechanism, lockable in 4 positions, with adjustable body weight tension control;
- Backrest reverse lock system;
- Seat height adjustable through 100 mm by means of a gas lift mechanism;
- Lumbar support adjustable in height through 75 mm.

Structure

- Seat: hard wearing moulded wooden support frame, sub-frame in injection-moulded polypropylene;
- Team Executive backrest: support frame made from beech plywood;
- Team Progress Air backrest: support frame made from aluminium with flexible armature in black reinforced polyamide;
- Team Progress and Synchro backrest: injection-moulded polypropylene support frame and sub-frame.

Base

- 5 star base in fibreglass reinforced black nylon polyamide (SV), black (SW) or grey (SB) cast aluminium, or polished (chrome effect) aluminium (SQ), ø 660 mm;
- Twin wheel self-locking polyamide castors, ø 50 mm.

Padding

- Team Executive : CFC-free polyurethane foam seat, density 60/65 kg/m³, 45 mm in thickness, and CFC-free polyurethane foam backrest, density 50 kg/m³, 40 mm in thickness;
- Team Progress: CFC-free polyurethane foam seat, density 40 kg/m³, 47 mm in thickness, and CFC-free polyurethane foam backrest, density 28 kg/m³, 45 mm in thickness;
- Team synchro: CFC-free polyurethane foam seat, density 40 kg/m³, 53 mm in thickness, and CFC-free polyurethane foam backrest, density 25 kg/m³, 45 mm in thickness.

Covering

- Team Executive: 6 choices of fabric colour, including 1 Xtreme Plus fire-resistant fabric, and 1 leather colour available from stock with fully upholstered back;
- Team Progress Air: seat available from stock in 3 choices of fabric colour, including 1 Xtreme Plus fire-resistant fabric, backrest made from stretched polyester mesh fabric and hard-wearing black (Ti) PVC;
- Team Progress and Team Synchro: 6 choices of fabric colour, including 1 Xtreme Plus fire-resistant fabric, with rear backrest in polypropylene.

Arms

- Multi-function arms, adjustable in width on both sides through 35 mm, and in height through 100 mm by means of a button at the side (lockable in 7 positions), with black polyurethane armrests, adjustable in direction by +/-30° and in depth through 50 mm;
- Height-adjustable arms, adjustable through 100 mm, in grey or black nylon;
- Fixed, removable arms in black polypropylene.

Miscellaneous

- Pull-out operating instructions under the seat.

Cantilever visitor chair

- Epoxy lacquered tubular steel base in a black (SG) or aluminium (SB) finish;
- CFC-free polyurethane foam padding;
- Fabric or leather covering according to model:
 - 6 choices of fabric colour and 1 leather colour available from stock for the high back version;
 - 3 choices of fabric colour available from stock for the medium back stretched fabric version;
 - 6 choices of fabric colour available from stock for the medium back fully upholstered version;
- Polyethylene glides.

Team Executive and Team Progress chairs with metal base (SB, SQ or SW) comply with British Standard BS 5459 (24/24h office use, by individuals up to 150 kg in weight).
